

ECOCAN WEBSITE – AMENDED WIREFRAME

Return your bottle. Save the planet. (And get rewarded.)

Homepage hero video tagline:

Return. Recycle. Make a difference.

Secondary tagline:

Africa's circular bottle ecosystem.

HOMEPAGE – Complete Amended Wireframe

1. HERO SECTION – Fullscreen Video (20-30 sec loop)

NEW Video concept (closed loop – starts from producer):

Shot	Description
1	Bottle on factory line (KWAL)
2	Bottle on shelf at supermarket (Jaza or similar)
3	Consumer buys
4	Consumer drinks
5	Consumer returns empty to supermarket counter (person with phone scanning)
6	Phone shows: "KSh 5 added to your ECO-wallet"
7	ECOCAN electric bike (Roam) loading collected bottles
8	Bikes riding through city → arriving at recycling hub - ECOCAN HQ

9	New bottle made from recycled material (back to producer)
---	---

Note: If time is tight, start at shot 2 (bottle on shelf).

NEW Text overlay on video (animated, punchy):

Your bottle. Your planet. Your reward.

Two buttons (unchanged):

- [Download App – Start Making a Difference] (*changed from "Start Earning"*)
- [Partner with ECOCAN]

Trust badge strip (unchanged):

- "Early-stage funded" · "Operational in Kenya" · "GDPR Compliant"

HOW IT WORKS – The Bottle Journey (AMENDED)

Headline (unchanged): *From your hand back to the shelf. Clean. Traceable.*

NEW Five-step visual flow:

Step	Icon/Image	Title	One line (NEW)
1	Bottle being purchased	Buy	Any drink with ECOCAN code
2	Phone scanning	Scan	Verify it's real (3 seconds)
3	Person at counter with phone	Return	Empty, intact, to any ECO-Station counter or machine
4	Electric bike with bottles	Collect	We pick up. You've done your part.

5	Wallet notification + green planet icon	Get rewarded	Instant cash to your wallet – a bonus for doing good
---	---	--------------	--

NEW small note under Step 3:

"Our partners at supermarket counters scan and pay you instantly."

PAGE 6: ABOUT US

Hero Section

Element	Copy
Headline	We are catalysts of positive change.
Subheadline	Re-imagining sustainability for Africa through circular solutions.

Section 1: Our Story (Timeline)

Year	Headline	Detailed summary
2022	The idea is born	The founder recognized the growing challenge of bottles littering streets, communities, and natural spaces. A better way to collect and recycle had to exist.
2023	First prototype	ECOCAN designed an accessible smart reverse vending solution for bottle recovery and recycling engagement.
2024	Seed funding secured	Early-stage funding closed. Pilot launch in Nairobi. Manual collection counters introduced to accelerate bottle returns.
2025	Supermarket partnerships expand	Collection counters become the primary return network. 50+ collection points established. 10,000+ EConsumers engaged.
2026	ECOCAN begins zero emission logistics	Regional expansion begins as ECOCAN scales recycling infrastructure across Africa with electric motorcycles.

Section 2: Our Mission (3 Pillars)

Icon	Title	Description
	Protect the planet	Build a circular economy where every bottle collected becomes part of a new lifecycle.
	Enable responsible recycling	Make recycling simple, rewarding, and accessible for every community.
	Support communities	Create environmental pride, shared responsibility, and economic opportunity.

Section 3: Our Values

Value	Description
SISU	A Finnish word for determination, resilience, and courage in the face of adversity. We don't give up. Not on sustainability. Not on building a cleaner future.
Integrity	Transparent systems, measurable impact, and accountability at every stage of collection and recovery.
Collaboration	No one builds a circular economy alone. We work with retailers, producers, recyclers, logistics partners, and the ECOConsumer community.

Section 4: Our Team

Section headline

The people building Africa's circular future.

Founder quote

"I started ECOCAN after seeing bottles accumulate across our communities and realizing recycling needed to become easier, smarter, and more rewarding. I believed we could build a system that turns waste into value and communities into environmental champions." — Founder & CEO

4. THE ECOCAN MODEL (Partnership story – UPDATED)

Headline: *We don't do this alone. That's the point.*

Three columns:

Column	Image	Text (UPDATED)
Retailers	Supermarket checkout like Jaza	Collection points. More foot traffic. Happier customers.
Producers	Factory conveyor belt	Packaging recovered. Counterfeits stopped. Brand protected.
Logistics	Electric bike fleet - Roam Air	Last-mile collection. Lower costs. (Just one step in the loop)

Small text below all three:

ECOCAN integrates into existing supply chains.

5. THE ELECTRIC MOBILITY ANGLE (DOWNGRADED)

NEW layout: 2-column instead of full-width hero.

Left column	Right column
Image: Electric bike (smaller, not hero)	Headline: <i>One step in the loop: electric bikes.</i>
	Text: <i>We use electric bikes for last-mile collection. Lower cost. Zero emissions.</i>
	Stat badges: 60% lower cost vs diesel · Zero emissions

Button: [Our sustainability impact →] Small stat badges (three, floating near image):

- 0 emissions per bottle collected
- 60% lower logistics cost vs internal combustion engine vehicle
- 500+ bikes scaling by 2030

6. FOR INVESTORS – The Infrastructure Play

Headline: *Invest in Africa's First Bottle Ecosystem*

Four cards with one line each:

Icon	Text
	Closed-loop system – Bottles → producers → bottles
	Electric logistics – Lower cost, scalable
	Strategic partnerships – Supermarkets, distributors, brands
	Regional scaling – Kenya first, then East Africa

Funding section: *Early-stage funding secured. Operations live. Ready for Series A.*

Button: [Investor deck] · [Financials overview]

9. PARTNERS & BACKING

Headline: *Trusted by leaders across the value chain.*

Logo strip (3 rows, scrolling or grid):

- Retailers: Supermarket chains (names)
- Producers: Beverage brands (names)
- Logistics: Distribution partners (names)
- Investors: Early-stage funds (names)

Button: [Become a partner →]

10. TESTIMONIALS – Three voices (REVISED – emotional gratification)

NEW Headline: *Real impact. Real pride.*

NEW Quotes (focused on gratification, not money):

Person	NEW Quote	Role
Mama Jane	<i>"I don't think about the money. I think about my children drinking safe water."</i>	Consumer, Nairobi
Supermarket owner	<i>"My customers feel proud to recycle here. The foot traffic is a bonus."</i>	Retail partner
Consumer (new)	<i>"Putting a bottle in the bin feels wrong now. Returning it feels right."</i>	EConsumer

13. FAQ – 6 questions (ADDED one new question)

1. What bottles can I return? (Aluminum, PET, glass, cartons with ECOCAN code)
2. How do I get paid? (Instant to ECO-wallet → bank or M-PESA)
3. Where are collection points? (Supermarkets, ECO-Stations – see app map)
4. Who pays for this? (Producers + deposit system + impact investors)
5. Is this really zero emissions? (Electric bikes + efficient routing = near zero)

NEXT STEPS FOR TEAM (UPDATED)

Video assets needed:

Asset

Changes

Hero video (20 sec)	Start at the factory (closed loop from producer). Include counter return (not just machine). Show e-bike but don't linger.
60-second explainer	Focus on circularity. E-mobility is one step.
3 testimonial videos (20 sec each)	New emotion: Pride, responsibility, gratification. Not "I made money."
E-bike fleet B-roll	Keep it short. Use as cutaway, not hero.

Images needed (updated):

Asset	Change
ECOCAN APP	Have a person with phone at counter as primary return image
Electric bikes with bottles	Keep but smaller presence
Supermarket collection point	Prioritize this – Jaza or similar (real or staged)
App screenshots	Add "reward" language, not just "payment"
Split screen: litter vs clean system	Unchanged

Diagrams/animations:

Asset	Change
5-step bottle journey	Update step 3 icon to person at counter (not just machine)

Emissions saved

Keep but smaller placement
